Health Screening Benefit: When you or a covered family member complete an eligible preventive screening like an annual physical, mammogram, colonoscopy or biometric blood test, you'll receive \$50 per person, per calendar year directly to you. It's a simple way to offset the cost of routine check-ups while maximizing your benefits.

Accident Prevention Benefit: An accident prevention benefit provides cash to cover exams, tests, screenings, and preventative care programs. These services, ranging from eye exams to driver's safety and training programs, help maintain your health and prevent serious illnesses or injuries. Each covered individual under your plan can claim their own benefits.

How Accidental Injury Benefits work:

Jayden's Story

Jayden played basketball all through high school and still played as often as he could. One Saturday during a pickup game he tripped and went down hard. When his wrist swelled up and he couldn't stand without feeling dizzy, his friends called an ambulance to transport him to the ER.

He went home with an arm in a cast and instructions on healing from a concussion. It took him some time to recover, but Jayden was able to rest easy. He'd checked the box for Accident Insurance, which we call Accidental Injury Benefits, during open enrollment at work. It paid him a cash benefit he used to help cover medical expenses, food and rent while he was recovering.

The plan pays a benefit amount for each covered service as a result of Jayden's accident.

Service	Accident Plan Pays
Ground Ambulance	\$1,250
ER	\$400
X-ray	\$200
CT Scan (Diagnostic exam)	\$500
Wrist Fracture	\$2,500
Accident Follow-up Care	\$600 (\$200/visit x3)
Chiropractor	\$1,000 (\$100/visit x10)
Physical Therapy	\$1,250 (\$125/visit x10)
Total	\$7,700
